This year's concert season promises to be both entertaining and memorable. For the third year in a row we are partnering with the Concert Band of Cobourg. **HIGH SPIRITS** aptly describes this energetic combination of voices and instruments.

WASSAIL is back! Don't miss this festive and popular party at Cobourg's Victoria Hall this December.

Come spring, we are presenting a joint choral extravaganza with our guests the Woodstock-Fanshawe Singers. **INTERTWINE** will showcase over 100 voices and present original works composed by each of the choir's resident composers.

Take advantage of our season subscription at savings of 20% off the regular ticket price.

Founded in 1970 by director Beryl Maguire, the Oriana Singers have provided Northumberland audiences with exceptional choral music for over 35 years.

With a current membership of over 50 talented voices, the choir continues to provide innovative and challenging concert programs. Under the direction of Marie Anderson and accompanist-composer Robert Grandy, Oriana offers a yearly concert series of the best choral music of all styles, from classical to avant-garde, gospel, and jazz. Guest artists perform regularly with the choir, contributing to the enrichment of the concert experience.

The choir rehearses each Wednesday evening from 7:30 pm to 9:30 pm, beginning in early September and continuing through the end of May.

Your Support

The Oriana Singers have been supported through four revenue streams: membership dues, concert ticket sales, corporate sponsorship and an annual Trillium grant. The three year Trillium grant has been a major financial resource for the choir, but that funding has now ended.

This season's Oriana concert brochure has introduced Patron and Corporate sponsorship opportunities. We have attempted to make sponsorship a rewarding experience for both you and the choir. Please become an Oriana financial supporter by completing the form on the reverse of this panel.
